INTERVIEW SUMMARY

On Thursday, June 19, 2008, an interview was conducted at the United States Patent and Trademark Office concerning the above referenced application. The following parties participated in the personal interview: Jennifer Steele (Examiner), Elizabeth Cole, Phyllis Kristal (Attorney for Applicants), Timothy M. Bryan (Attorney for Applicants), and Moshe Rock (Inventor).

Attorneys for the Applicants discussed distinctions between the pending claims and the references of record including WO 01/12889 (Gunzel), U.S. Patent No. 5,626,949 (Blauer), and U.S. Patent No. 6,238,789 (Jackson). Attorneys for the Applicants raised the issue that there is no motivation to combine the prior art references in the manner suggested by the Examiner. No agreement with regard to allowability of the pending claims was reached.

Respectfully submitted,

Date: July 17, 2008
